

WELCOME HOME ALUMNI

Homecoming Grads to get Welcome at Fullerton Game

SAC alumni will renew old acquaintances during the gala Homecoming celebrations to be held tomorrow. The celebrations will feature the SAC vs. Fullerton Turkey Day Homecoming game and will be climaxed by the Thanksgiving dance to take place that night. Festivities will start with the football game, to be held in the Municipal bowl at 2 o'clock in the afternoon.

Halftime Coronation

During halftime Queen Carol Heyssel, with her royal court, Princesses Diana Charleton, Janet Schermerhorn and Yvone Bacon will be driven onto the field and crowned. A black Cadillac convertible has been furnished by the McLean Motor Agency for the occasion. Queen Carol will be crowned and given a bouquet of chrysanthemums, donated by Hasson's Florist, by Wes Barret, prominent Santa Ana attorney and president of the SAC Alumni Association.

Dance In Union

After the game the Thanksgiving Dance, sponsored by the SAC Ski club will be held in the Student union from 9 to 12 p.m. Students from Fullerton are invited to dance with the Dons. The dance will cost thirty five cents for student body card holders and sixty cents to those who are not card holders. Guest tickets must be secured for the office of Agnes Todd Miller before 3 o'clock today.

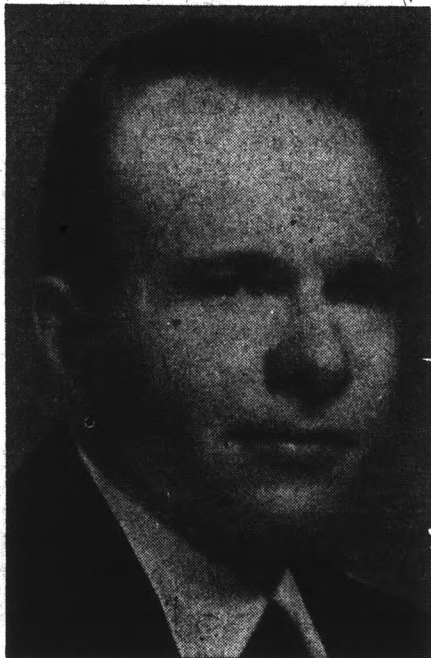

The decorations for the dance will carry a Thanksgiving theme with turkeys on skis and pumpkins for decorations.

Mr. and Mrs. Smith and Mr. Walter F. Adrian are the faculty advisors for the dance and Chuck Daugherty, president of the Ski club is in charge. Assisting him are Chuck Darnell, in charge of the decoration; Bob Reed, entertainment; Marilyn Larzelere, Queen contest; Joanne Wells, refreshments; Bill Moodie, door manager; Don Hillman, clean up; Marrian Nuttall.

Queen Contest Held

Entering the queen contest were four SAC co-eds, Diana Charleton, sponsored by the Las Meninas, Carol Heyssel, sponsored by Las Getanas, Janet Schermerhorn, sponsored by the Spinners, and Yvone Bacon, sponsored by the Choir club.

The voting was held by the Ski club and under the direction of Marilyn Larzelere. Voting stations were placed at positions on the campus. Each contestant paid a fifty cent entrance fee and votes were purchased for a penny per vote.

DR. T. C. STRANGEWAY

College Y Group Sponsors Program

Dr. T. C. Strangeway, vice moderator of the United Presbyterian denomination of America, is the guest speaker for the Santa Ana college YMCA Thanksgiving program to be held tomorrow in the cafeteria, November 21, at 10 AM. Dr. Strangeway's theme will be, "Thanksgiving in a World of Unthankfulness."

Mr. George E. Andrus, SAC Psychology instructor, will give the invocation, and Mr. Gordon R. Wheatley, music instructor, will lead the Santa Ana College choir in three Thanksgiving songs. The Santa Ana college "Y" has also secured a special soloist who will sing, "The Lord's Prayer."

Mr. Ernest Crain, social science instructor, Mr. Andrus, John Allen, and Lester Barrett, have been working together as a committee to make this program possible.

QUEEN CAROLANN TO RULE AT GAME

Queen Carol Ann Heyssel, winner of the Homecoming Queen contest, will reign over tomorrow's Homecoming festivities. She was elected by the students of SAC during the past week.

A social science and pre-teaching major, Queen Carol was born in Massillon, Ohio, 18 years ago. In 1948 she graduated from the Santa Ana High School. She is now a sophomore and will graduate from SAC this spring.

Popular and active in student government and student clubs, Queen Carol is treasurer of the Las Gitanas, secretary of the Inter-Club council representing the YWCA, and is secretary of the executive board. She was also one of the six SAC students elected to attend the California State Student Government Conference held in Fresno, recently.

QUEEN CAROL Ann Heyssel, petite Santa Ana College co-ed will reign supreme at the traditional Santa Ana-Fullerton football game held annually in the municipal bowl on Thanksgiving Day.

Queen Carol will also preside at the Homecoming Ball Thursday evening in the SAC student Union.

SANTA ANA, CALIFORNIA, NOVEMBER 21, 1951

No. 6

ANNUAL WRITERS' FETE PLANNED FOR DEC. 5

Plans for the annual Writers' Festival, to be held Dec. 5, are now being organized by students in the creative writing class under the supervision of Miss Lota Blyth, creative writing instructor, and Miss Ruth Bradley, librarian.

The festival, formerly called the Writers' Workshop, will be held in the Santa Ana College library in conjunction with the traditional library tea held each year during the Christmas season.

The purpose of the festival is to acquaint persons interested in writing with the different fields of creativeness in the literary world. Several professional and well-known authors and illustrators will be present to form a panel for discussions on the various phases of the contemporary writing field.

Among the authors and illustrators who have been invited to form the panel are, Ethel Jacobsen, light verse; Vesta Nickerson Lukei, light verse; Allan Vaughn Elston, novelist and short story writer; and Burr Shafer, illustrator and author.

Several other noted authors and artists have been invited, and poetry groups, writing clubs and individual persons are invited to attend the festival.

Plans are also being made for several newspapermen to be present, and several representatives from publishing firms to attend the festival. The program will begin at two-thirty and will be free of charge. Tea will be served following the panel discussions.

Executive Board Members Attend Annual Fresno Meet

Returning from the California Junior college Student Government, held in Fresno, November 16 through 17, were six SAC student body officers.

The students attending the conference were Quentin Galivan, student body president, Russ Murphy, freshman class president, Edward Degonia, Carol Heyssel, Judy Cordes, and Betsy Warren. They were selected by the college executive board to attend the conference. They were accompanied by Dr. Daniel C. MacNaughton, SAC director.

The group left at 8 a.m., Thursday, and they arrived that afternoon. After registering at the Hotel California they attended a welcoming banquet, held

in honor of the representatives.

Dr. Frank Thomas, past president of Fresno State College, made an address to the 350 delegates and advisors representing 53 California junior colleges speaking on "The Qualifications of Leadership." After the banquet the students were entertained by a variety show featuring several students from Fresno State.

On Friday, workshops to discuss problems of the junior colleges were organized and in the afternoon the general assembly of delegates passed on resolutions formed in the workshops.

Friday evening a dance and party was held from 10 to 1 p.m.

CONFERENCE—Discussing recent Fresno Conference are Dr. Daniel C. MacNaughton, Eddie Degonia and Quentin Gallivan, SAC representatives.

PRINCESS—Three SAC co-eds, Dian Charleton, Janet Schermerhorn and Yvone Bacon, losing queen contestants, are royal court of Queen Carol and will attend her during festivities tomorrow. Photo by Burton.

SAC ALUMNI ASSOCIATION

Closer Student Alumni Relations Urged for Stronger Alumni Assn.

By Robert Houghland

"They just need more encouragement."

I had just left the office of Mr. F. Wayne Flinn, who is the Coordinator of Printing and Publications for the Santa Ana school system.

We had been discussing the SAC Alumni Association, and these final words of Mr. Flinn, to me, were the answer to this problem; the problem of the many attempts to formulate an alumni group; and the eventual decay of these attempts; plans; hopes.

Before the beginning of the second World War there was an existing alumni organization, however during the duration of this "Great Strife" the group lost contact of its members, and, consequently of its organization.

The Probe Begins

After the war, the old, and young grads started thinking about their school; and about their chums; and they wondered what the old group was doing; and they wanted to get back into beats of organized social life again; back into our American society. The result of this thinking was that in 1948 plans were made for the reorganization of the Alumni Association.

CHARLOTTE HARDER

This was a tremendous task of rebuilding; files; names; addresses of the many students graduated since the formation of SAC. This work took most of the time encountered in an entire year; and, to the work of Miss Dorothy Decker, Mrs. Charlotte Harder, Mrs. Genevieve Humiston, and Mr. Flinn the start of this alumni group owes its dues. The work was carried through to its completion and success; for a time.

A few successful social events were held by the newly organized alumni, but, eventually, interest was gone; or was it?

The Excuse

People still asked, and inquired about it. It was just because of the kids at home; no baby sitter you know. Or, it was; well, if I had known sooner. Or, it was; it's this doggone business of mine, never have time to do anything anymore.

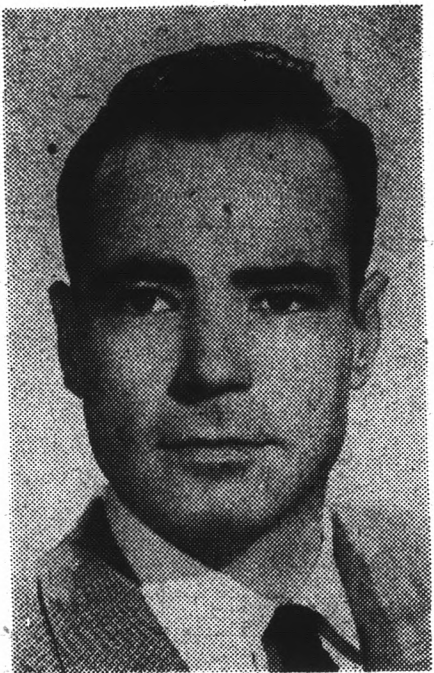

Yes, the circle of life goes on, and with it, we. Individuals go to school, and they make friends; lasting friends; friends they would like to see occasionally. Then, they marry. Then, they have a job, or profession to attend to. The urge to meet old friends, and new students is evident, but, the manner in which this may be accomplished is uncertain. The time element required to instigate plans, the ideas for social programs is a drain on the time required to meet the demands of a job, or profession.

We, the students of today and future candidates for alumni, overlook many things; do we wish to belong to an alumni organization after our active years in college have been satisfied?; do we desire a group of people who understand our needs and wants; people who have been where we are now treading; people who can help us to obtain a better and more complete education; people who know what the world expects of us.

Do we know our alumni; those who have occupied these classrooms before us.

Mr. Ernest Barrett

Meet Mr. Ernest Barrett, 1950-51 president of the SAC Alumni Association.

ERNEST BARRETT

Mr. Ernest Barrett was graduated by SAC in the class of 1939. During the two years spent here by Mr. Barrett he was active in student government and in many organizations. He was Vice-president of the Freshman class, and participated in baseball, Forsenics, Los Gauchos, Phi Theta Kappa, Alpha Gamma Sigma, and Phi Sigma Alpha.

Mr. Barrett's curriculum here was pre-law. He continued his studies at the University of Chicago.

Today Mr. Barrett is a lawyer, with offices in downtown Santa Ana. He has completed his formal education, and today he devotes approximately sixty hours a week to his profession, yet he still feels that it is important for the alumni and the students to have a close association through an alumni group.

Mr. F. Wayne Flinn

Meet Mr. F. Wayne Flinn, Coordinator of Printing and Publication for Santa Ana Schools.

Mr. Flinn came from Santa Ana high school to SAC. At SAC he was Commissioner of Forsenics, and was also active in the Cervantes club, Brotherhood of Bachelors, and in Beta Gamma.

Mr. Flinn was graduated by SAC in 1931. His next step was to Berkeley from where he was graduated in 1933. He taught at Redlands Union High School until the second war started. The Navy, in which he held the rank of lieutenant, senior grade, was the next step.

After the war was over Mr. Flinn taught for six months at Richmond Union High school. During this time he proceeded to obtain his Master's degree in Speech Education. His thesis for the degree was "How to Organize the Speech Curriculum for Richmond Secondary Schools." His method, as set forth in the thesis, is now in use in the Richmond secondary schools.

Time Marches On

1946 found Mr. Flinn teaching speech and drama in Santa Ana Senior High School.

The next year, 1947, Mr. Flinn taught speech at Fullerton JC.

SAC, in 1948, was the next step in Mr. Flinn's teaching career. He remained at SAC until this year when he was asked to assume his present duties in the Board of Education building.

F. WAYNE FLINN

Despite his professional demands Mr. Flinn found time to help reorganize the SAC Alumni Assn. in 1948. Today he feels that another attempt should be made to formulate an active alumni group. Towards the accomplishment of this he states:

"Since its organization in 1915 Santa Ana College has had thirty-five graduating classes. This makes one of the largest groups of alumni for any junior college in Southern California. I believe the college staff and student body need to provide more opportunities for these men and women to again participate in campus activities."

Again, in Mr. Flinn, we find an alumni who has completed his formal education, and yet, is interested in the students of today; their needs; their interests.

A Heritage By; And For

A word of sincere thanks to: Miss Dorothy Decker, Mrs. Genevieve Humiston, Mrs. Charlotte Harder, and Mr. F. Wayne Flinn; to all of the alumni who find, still, a place in their hearts and minds for the students of SAC, and for the heritage of our college.

We have inherited tremendous wealth from those who have walked this path before us. We can add to this inheritance for our benefit, and for the benefit of those whom we can see coming as we loom behind us, if we will take a little time to express acknowledgement of those alumni who acknowledge us.

As Mr. Flinn would say, "Santa Ana college alumni are proud and happy to return to the campus and renew acquaintances, they just need a little more encouragement."

Gun Toting Student Denies Claim: Carries Gun To Force "A" Fro mProfs

By Nate Chroman

"N Dumb Cop"

Toting a 38 revolver to college classes may have been all right during pioneer days but today in "civilized society" you just don't do things like that unless, of course, you think it's the only way to get an "A" out of your instructor.

"Getting an 'A' out of my instructors by 'shot-gun' methods is not my aim," Vernon Adams, the handsome, gun-toting student confided to me, "I'm gunning for an education that will permit me to carve a career in criminology and I aim to get it by 'hook or crook,' whoops, I guess I said the wrong thing there. I agreed with him that he had!

Adams, known as V.V. to friends, is a sturdy member of the Santa Ana Police Department working his shifts as a patrolman. He's been safeguarding Santa Ana streets for three years hoping ultimately to graduate into police administration work, sometimes referred to as "police brass."

Required To Carry Gun

"The reason why I carry that gun," Adams volunteered, "is because of a police department ruling that requires Santa Ana policemen who are within the city limits to carry their gun on their person at all times. If caught without it, you are subject to loss of pay. It's almost saying that a policeman is on duty at all times. I only hope I never have to use it."

I looked up at Adams, and you couldn't but like this smiling policeman who seems to have all the corporate characteristics that go into good "police-making." In his personality you find a willingness to learn, appreciate and understand. Here was no "dumb cop" on whom the term could be tacked; a term with which "general generalizers generally generalize."

Started SAC in 1943

Adams originally started in Santa Ana College in 1943 but after attending only a semester, he found himself in the U.S. Navy for which he attended classes where it was not odd that he should be carrying a gun at all times. After fighting in the last battle of the second World War before the atomic bombing of Japan, the battle of Iahshima, Adams returned to civilian life and SAC. Starting at night school, so he could patrol during the day.

Now I was ready for the big question. Did I dare pop this one? It was dynamite. But I felt I owed it to my readers. Well here goes. Say Adams, when you come to campus during the day, do you notice any familiar faces which you have seen the night before? You know, as you patrol the hallowed halls of SAC, do any of the countenances, smiling faces belong to those who were caught doing their homework in the hallowed cells of SAC? (for the uninitiated, the Santa Ana Cooler).

Familiar Faces

I guess I shouldn't have asked this question for there was no reply. But a steady cold stare and a deliberate, slow reach for the holster. This was the end! It all happened so quickly — I stammered something that told Adams to forget about this particular alumni association, topped with a quick "no names please."

I scurried to my typewriter for safety — the last I saw of Adams he was making friends day and night.

Thanksgiving Dates Way Back

By Bill Shands

Another Thanksgiving is upon us and it is appropriate that we pause a moment amidst the hustle of our modern world and think a minute about our Thanksgiving; its origin and its meaning.

Origin during Biblical Days

Few people know that Thanksgiving had its origin, in its simplest form, during biblical days. After the grain was harvested, a great feast, usually for seven days, was proclaimed. During this time people would lay aside their tools and celebrate the harvest with feasting and dancing.

The Romans and the Greeks also had their "Thanksgiving," dedicated to their god of the harvest.

Idea Acquired from the Dutch

Most of us remember in our history books the colorful story of the first American Thanksgiving. However, few people know that the pilgrims acquired the idea from the Dutch. While living in Holland they observed the Dutch celebration and festival commemorating their deliverance from the Spaniards.

First Thanksgiving Proclaimed

After their perilous voyage across the Atlantic, their dramatic landing at Plymouth and the first year, during which the pilgrims were ravaged by disease and cold, imagine the joy and gladness felt when their first harvest was abundant and food was plentiful. Governor Bradford saw fit to order "a three days feast and celebration."

Thanksgiving After Victories

During the Revolutionary War, General Washington proclaimed days of thanks following important victories. Thanksgiving has been an annual affair in the North since 1830, when the Governor of New York appointed a day and other Northern Governors followed suit.

Every Year Since 1863

In 1863 President Lincoln issued proclamation, appointing the fourth Thursday in November as Thanksgiving. Since then it has been an annual holiday and the only religious holiday celebrated by virtue of authority of the civil government.

Down Through the Years

It is interesting to note that Canada is the only other country which celebrates Thanksgiving as we do.

We easily see that Thanksgiving has come down through the years to a period during which the people aside a few days to give thanks for their bountiful harvests and good fortune.

VERNON ADAMS

A Day Of Thanks

Well, its time once again to get out that old carving knife and sharpen it up, Thanksgiving Day is here.

Yes sir, folks, Thanksgiving, that day set aside each year to give special thanks for all the nice things you have received and witnessed during the past year. Thanksgiving is also that day when you, and all your friends and relatives sit down to a nice big table full of food; turkey with all of the trimmings.

Yes sir, folks, its a wonderful day, when you get through eating all you can hold for a couple of hours, you can sit down in a nice easy chair and relax, and turn on that fine big television set and watch the world go by. Wonderful isn't it? You can forget all about the government scandals, the dope addicts, the gambling investigations, and the war in Korea. This is your special day to give thanks and to feast.

Why, gosh, there might even be a football game on T.V. to watch, or a half empty concert hall you could attend, there's no need to think about the trouble brewing in the middle east, or worry about the starving kids in Spain or India. We'll think about that tomorrow, when that letter arrives from the boy overseas.

Later on, during the middle of the afternoon, maybe you could take a ride in the country and see how the multi-colored autumn leaves blend in with the rolling hills in the background. There's probably no leaves, and maybe not even trees left on 'heart-break ridge.' But it sure is peaceful and serene in the country. Why, gee whiz, take a camera, might get some pretty good shots. Too many good shots north of Keasong.

Too many, always too many of some things and not enough other things. Too much jealousy, hate, and struggle. However, there are many fine things in life to look forward to. Love, for instance, is stronger than hate. Charity is finer than jealousy. Hope is better than struggle. Instead of giving thanks for all the good things in life, let's give thanks for all the good things which life can give us, like light after darkness, and the beauty which arises from it.

—ROBERT HATCHER

The Melting Pot

By ROBERT HATCHER

It appears we are in an age of investigations. It was announced the other day that the American Council on Education is going to study intercollegiate sports. Although there was no definite reason given for the quiz, it was assumed that the study was brought on by the current basketball scandals, wholesale removal of the West Point football team, and the alteration of records at some of the colleges throughout the U.S. The results should prove to be interesting.

Another investigation which has the Sunday paper readers interest, is the indictment of detective Dick Tracy by the grand jury. However, it is almost a certainty that a man of Tracy's integrity would do no wrong and that he will solve the problem and continue to reserve justice.

With all the hats being thrown in the presidential campaign ring, we begin to wonder just who is the man best qualified to run the country. From all appearances to date it seems the "solid south" holds the balance of power, political big-wigs are getting headaches trying to decide who shall run and who has the best chances of winning. Maybe somebody should look up that guy in Oregon who is running on the "green-back ticket."

Congratulations to the student body for the fine work that is being done in keeping the student union presentable these days. This is a step forward for us. One step forward always outshines twenty steps backwards.

I met a man on the campus the other day and asked him what he was doing. Of course, I already knew what he was doing, but in keeping with my profession, I had to go through the motions in order to find out more. He told me that anything he said was not for publication, but, "I am here for the purpose of looking over your campus because we might possibly use it . . . about the . . . scandals which have been in the news so much this year, but keep it quiet." I gave him my word that I wouldn't breathe a word of what he had just told me, and went on my way still searching for news.

El Don Receives Top Journalism News Award

Once again the EL DON is the recipient of the top newspaper award given each year to outstanding junior college publications throughout the United States.

Received recently from the Associated Collegiate Press of the University of Minnesota, was the top rating of "All America" for the EL DON editions published during the previous semester.

This is the nineteenth consecutive award of "All American" received by the EL DON. Perfect scores were given in the fields of news coverage, copy-reading, feature articles, and coverage and treatment of sports news.

Managing editor for the EL DON which received the award was Dean Gautschi, former SAC student and now editor of the INDEX, Pacific University publication. Advisor was Carl Venstrom, journalism instructor. The staff included Jane Lindemuth, Bill Poulsen, Don Moore, Bob Williams, Janet Doster, Donna Drageset, John Murphy, and Edward Scott.

HELEN WEIR

Lovely SAC Coed Named NSGW Queen

Helen Weir, 18, lovely SAC co-ed and drum majorette, has been named winner of the Native Sons and Daughters of the Golden West district beauty contest for the counties of Orange, San Diego, Riverside, Imperial and San Bernardino.

Miss Weir is sponsored by the Native Sons of the Golden West of Anaheim. She has won numerous other beauty contests in Orange county and other southland cities, including "Miss Anaheim", and "Queen of the 1950 Orange County Fair."

Joe Lieb, Jr., contest chairman, announced today that Miss Weir will be one of five California beauties selected from throughout the state who will ride on the Native Sons and Daughters float in the Pasadena Tournament of Roses parade.

She will also participate in the Grand Tournament of Roses Ball where members of the Greater Los Angeles Press Club will select one of the five girls to be "The Girl of the Golden West of 1952."

Creative Ability Expressed by Artists

Students of Miss Frances Egge's Drawing and Painting class are working with abstract shapes this year, and building their own models from such things as paper, wire screens, twigs and cardboard.

From these models, the artists express their feelings through shapes, colors, and designs blended harmoniously. This type of work enables the student to use his creative imagination.

Although the finished product may not really resemble anything to the average person, the students are learning the skills of art and composition in a modernistic, creative way. Through his impression of symbols, the artist conveys meanings in a harmony of shapes.

According to Miss Egge, "It is not so important what is drawn, but how it is done. This type of art work represents planning and organization by the art student and conveys his ideas on paper."

SAC AWS-WAA Represented at Conf.

An AWS-WAA Conference was held recently at El Camino College in which all Southern California Colleges were represented.

Students represented from SAC were Janet Parris, Carol Reid, Nancy Stevens, Mary Vernon, Donna Wacker, Mercedes Bustamante, Barbara Conner, Judy Cordes, Carol Ann Heysel, Elsie Kettelesen, Nancy Robison, Peg Simpson, Janet Schermerhorn and Joanne Morrison.

Represented from SAC as faculty advisors were Miss Isabelle Rellstab and Miss Agness Todd Miller.

Guest speaker at the general meeting was Dr. Eleanor Metheny, Chairman of the Physical Education Department at USC. Dr. Metheny's speech was based on the theme of the conference which was entitled "We Come Next."

The conference was divided into section meetings in which the following topics were discussed: "Women's Place in Student Government"; "Classical Benefits of Organizing an AWS-WAA Paper"; "Award Systems for AWS-WAA in Junior Colleges"; "Purpose in Organization of an AWS-WAA Board"; "Values of Initiation"; "Publicizing Activities on Campus"; "Advantages of AWS-WAA Conferences"; "Encouraging Undiscovered Talents and Abilities"; "Problems Pertinent to the Presidents"; and "AWS-WAA Advisors."

On November 20, in the Faculty Dining Room at El Camino College a Post-Conference Luncheon is being given for members of the WAA and AWS Cabinets and the delegates to the conference.

Conforth Is New Snack Bar Waitress

Miss Dorothy Conforth, part-time employee at the Public Golf Course in Santa Ana, has recently replaced Mrs. Bernice Walker as waitress in the college Snack Bar.

Mrs. Walker resigned her position in the Snack Bar after three years of service to the college to become a fulltime housewife.

TURKEY DAY CALLS ANNUAL RIVALS

By BOB ELSNER

Fullerton's Hornets and Santa Ana's Dons renew their annual Thanksgiving Day grid classic tomorrow afternoon at 2.00 o'clock in the Municipal Bowl.

As usual, both teams will be "up" for this big one. Perhaps this year especially, because neither school has had a very successful season, and each one could make use of another victory.

On paper, the Dons boast an advantage, with a Conference record of 2 wins and 3 losses. Fullerton's conference record is 1 and 4. Santa Ana's victories were over Mt. San Antonio, 25-6 and Chaffey, 35-18. Fullerton's single win was against Chaffey. Mt. San Antonio beat the Hornets, 20-7.

Game A Tossup

Although Santa Ana prevails as favorite, Fullerton should not be considered pushovers. Past records prove that when these two teams meet, anything can happen.

For example, last year Santa Ana was enjoying a very good season and had already clinched the Eastern Conference crown. In the Turkey Day game, a heavy underdog Hornet eleven met and tied the powerful Dons, 18-18.

Fullerton Prepared

Fullerton edged out Glendale 14-13 last Thursday night, in a non-Conference tilt. The Hornets have had an extra day of preparation, since the Dons played last Friday night.

Coach "Tex" Oliver has ten returning lettermen this year.

Captain Herb Tanner will lead the Hornets, playing at the left tackle position. Tanner, by the way, was captain of the 1949 Fullerton High School team and was named to an all-CIF position that year.

In the backfield, fullback Keith Gaynes provides much of the punch in the Fullerton offense. He's their leading scorer.

Another mainstay of the Hornet squad is halfback Chuck Holloway, who is also defensive safety man.

Although he isn't in the starting lineup, rugged Jewel Owens is slated for plenty of action at a halfback post. Last year, Owens was a major factor in the success of Fullerton High's CIF Semi-finalists.

Dons At Full Strength

Don coaches Bill Cook and John Ward also have ten returning lettermen, as well as a fine crop of freshmen.

Captain Chuck Sitton, starting at right end, should spark the Dons tomorrow with his fine all-around play.

A constant threat is halfback Bob Umphress, who is the leading Don scorer. In his last outing, against Chaffey, "Bullet" Bob tallied three times.

Freshman Bob Smith will open at the quarterback spot. His passing and signal-calling have been outstanding all season.

Milt Wikert, who doubles as a line-backer, will open at fullback.

Cagers Score First Win for Hall's In City Play

SAC cagers, playing for Hall's Drive-In, scored their initial win over Ritz Cleaners of Anaheim in the opening round of city league play. The final score was 41-32. The game was played in the Santa Ana High School gym.

Thirteen Don casaba men were in uniform for the game, with all seeing action. Led by Pete Smith, the Drive-In boys went off the floor at intermission with a slim 16-12 margin. During the second half the Ritz attack began to take hold but after a few shaky moments the college capers found their weakness and began to put the game on ice.

The squad was divided into two groups with Pete Smith, Carl Thomas, Joe Balsley, Dick Cruz and Rel Schmitt making up one while Phil Bennett, Norm Weinraub, Jim Heinkle, Doug Wagner and Tim Peralta made up the second group. Russ Murphy, Jerry Schnoover and Bob Youel alternated with both groups.

Umphress Leads Scoring With 66

Halfback Bob Umphress has virtually clinched top scoring honors for the 1951 Santa Ana College season by racking up 66 points in conference and practice play this year.

With only tomorrow's Turkey Day fray against the Fullerton Hornets remaining on the Don's schedule, Umphress's closest rival, fullback Milt Wikert, will have to score eight touchdowns to tie the fleetly scaback. Currently Wikert has scored three times and tallied 18 points for the Don squad.

Third on the scoring list is Frank Freese. Freese has scored twice, totaling twelve points.

Jack Wilcox has converted six times to tie four other football players, who each have 6 points to their credit. They are Nobe Kitada, Augie Huesca, Del Broomell and Lloyd Kirby.

Two Santa Ana players have made safeties against the SAC opposition. They are tackle Marvin Kravitz and end Don Stroud.

Below are complete summary of Santa Ana scoring to November 21.

	Extra TD's	Pts.	Safeties	Total Pts.
Umphress	11	66		66
Wikert	3	18		18
Freese	2	12		12
Kitada	1	6		6
Huesca	1	6		6
Broomell	1	6		6
Wilcox		6		6
Meade	4	4		4
Kravitz		1		1
Stroud		1		1
Sampson	1	1		1

Dons Beat Chaffey For Second Win

Led by "Bullet" Bob Umphress, who scored three touchdowns, Santa Ana overpowered Chaffey 35-18 last Friday night at Ontario.

Chaffey did very well in the statistical department, but not so good in the scoring division. The Panthers rolled up 16 first downs to 6, and made 368 yards to the Dons' 268.

The Dons scored their first touchdown midway in the first period, as left halfback Bob Umphress ran 29 yards, climaxing an 81 yard drive. Jack Wilcox then kicked his first of five successive conversions to make the score 7-0.

Chaffey came right back a few plays later, as Marion Sanchez broke loose and went 41 yards up the sidelines. He then missed the try for point and it was 7-6.

In the second quarter, the Dons' big fullback, Milt Wikert ran 32 yards to make it 14-6.

From the Chaffey 34, quarterback Bob Smith passed 14 yards to Wikert and then Smith hit the speedy Umphress in the end zone. Wilcox again converted to give the Dons a 21-6 half-time lead.

Don center, Tom Moore, set up the next score, by grabbing a loose ball on the Chaffey 17. From there, Wikert ran 3 and then Umphress scooted the final 14. Wilcox converted, 28-6.

Early in the fourth period, Del Broomell picked off a Richardson pass and ran 60 yards for the Dons' final tally. Jack Wilcox made the score 35-12.

Chaffey's last score came following a 66 yard drive. Richardson went the last 3 to make the final score 35-18.

Conference Standings

SPORTLIGHTS - - -

By JOHN DOWDEN

Our opinion: Halfback Bob Umphress and end Chuck Sitton are the only two SAC gridgers who have much chance for first team positions in the All-Conference selections, owing to the wealth of outstanding grid material in the Eastern section. However, several other Don team members will (or should) receive second team and honorable mention honors. We mean explicitly quarterback Bob Smith, fullback Milt Wikert, and tackle Leroy Eisenbraun.

Signs of our times: Jim Thorpe, probably the greatest amateur and professional athlete the modern world has known was recently the beneficiary of charity surgery at a Pennsylvania hospital. Thorpe, whose prowess was recently exploited in a Warner Brothers movie, is destitute and penniless, and without a job.

Hoosier madness: Basketball enthusiasts at SAC will get welcome relief from the football monotony, as the Don Cagers have begun their practice season. This year the locals are coached by John Ward, who has taken over the cage reins from Armand (Doc) Cure, who is now at Long Beach. Currently the hardwooders are playing for Hall's Drive-In in the city league at the high school gym.

Joe Miller's jokebook: Your columnist goes way back for this story. Seems a frosh reporter for the UCLA campus daily was sent to interview Dick Spaulding, then head football coach at (Continued on Page 5)

WAA to Sponsor Inter-Club Tourney

January 12, 1951, has been set as the tentative date of the inter-club volleyball tournament to be sponsored by the W.A.A. and Santa Ana, it was decided at a meeting held recently by the W.A.A.

Previously a round-robin event, the tournament will be judged this time by the most number of points, it was stated by Miss Isabelle Rellstab, Physical Education instructor at SAC.

The service clubs and the Y.W.C.A. of SAC will participate in the tournament.

Sitton and Stroud Chosen Dons of Week

Chuck Sitton and Don Stroud were picked Dons of the Week for the San Berdoos and Orange Coast games respectively. This weekly poll was conducted by the Vandermast Clothing Store. Both men will receive a bronze key and have their pictures posted in Vandermast's window.

Sitton, six-four end and captain of the 1951 Don squad, was selected for his outstanding defensive play against the unbeaten Indians. Sitton broke up much of the vaunted San Berdoos running attack and was a constant threat to the opposing passers. He attended Santa Ana High School and has lettered one year in JC football.

For Don Stroud this award was the result of his fine offensive play against the neighboring Pirates from Orange Coast. Stroud has been improving some every game and came through with his best game of the season so far. He made a fine target for quarterback Bob Smith's passes by showing his ability to get into the open for some nice passing gains.

San Berdo Claims Bowl Bid

By Rel Schmitt

High temperatures are running up San Berdo way, because they're Eastern Conference Football champions and one of the two remaining undefeated JC teams in Southern California, and are not being given serious consideration for the Little Rose Bowl game slated for Dec. 8.

LATE NEWS — In a Tuesday afternoon meeting at Ontario, Eastern Conference administrators voted that San Bernardino must forfeit the four games that the Indian team won from Santa Ana, Orange Coast, Fullerton and Chaffey. This will give the Conference championship to Orange Coast and elevate Santa Ana into third position in the league standings.

Reason for the move was explained by Santa Ana College director, Dr. Daniel C. McNaughton. McNaughton stated that San Bernardino had played two ineligible men in her first four league games. The two players, center Ed Belthoover and halfback Leon Carter, had both transferred from four year universities without successfully passing the ten and a half units necessary under JC eligibility rules.

Last Friday night's San Bernardino-Mount San Antonio game will not have to be forfeited because neither of the ineligible players took part.

Dr. John Lounsbury represented San Bernardino at the meeting.

For Pasadena it looks like an open and shut case for the bowl bid, being the first time the home town school has ever been in the running for the bid to the game. Its a home town team, if you care to overlook the 14 importees from Honolulu playing for Bob Blackman's Terriers.

PE Classes Stress Military Drill

Activities in Bill Cook's physical education classes have centered around military marching drills during the past few weeks.

This drilling is part of a physical fitness program which has been emphasized since the beginning of school. Calisthenics and light gymnastics follow the drills and the remainder of the period is set apart for free play comprised of football, basketball, and volleyball.

Track Completion Ruled Out by Cook

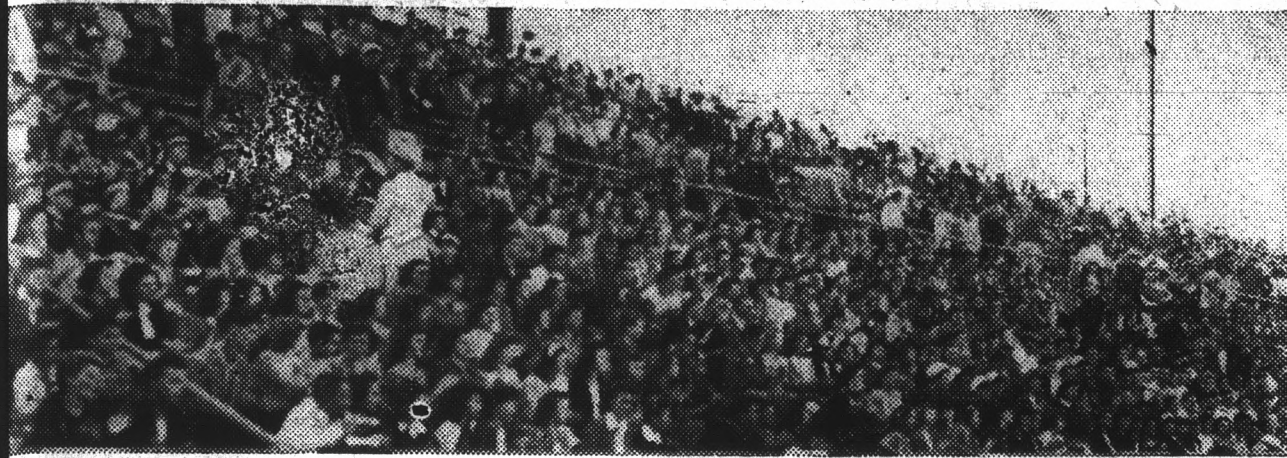

The possibility that SAC's new track which surrounds the practice football field and is now under completion will be finished in time for home meets this spring has been ruled out by Bill Cook.

The school has been unable to get the necessary cinders from the steel mills at Fontana.

Don thinclads have held their home track meets on the Santa Ana High school oval since the college was founded in 1916.

When work on the track is brought to an end it will be one of the fastest in the southland. The track will be built up of different consistencies of gravel, dirt, and cinders to make it springy and will have a clay surface.

When questioned on the new track, Cook said, "The situation doesn't look too promising. We may get by with a clay track this year."

TIGHT SQUEEZE—Reproduced here is a scene from one of the past Turkey Day thrillers. Capacity crowds of students, alumni and townspeople throng to the Municipal Bowl to witness the annual Fullerton-Santa Ana football classic.

PIRATES EDGE DONS IN 21-15 THRILLER

Orange Coast's Pirates clinched at last a tie for second place in the Eastern Conference recently by beating the Dons 21-15 in the Municipal Bowl.

The pirates scored all of their points in the first half, capitalizing on two tray Don Aerials which set up touchdowns. The score at halftime was 21-0.

Santa Ana fielded a "different team" in the second half. Quarterback Bob Smith passed to Bob Umphress for 3 yards and six points, to make it 21-6.

El Don added two more points when Paul Esslinger and Marvin Kravitz tackled Coast's Paul Chafe trying to end-sweep the ball out of the end zone. Score, 21-8.

The last tally came in the fourth period when Augie Huesca climaxed a 53 yard drive by the Dons, by going the last 8.

The Dons threatened late in the game, when Del Broomell intercepted a Pirate pass on his own 10 and galloped 50 yards to the Coast 40.

In an attempt to beat the clock (as well as Coast), Smith started passing, coming close a couple of times, but a Pirate intercepted the ball in the end zone, and Coast controlled the ball for the remaining 90 seconds.

SAC Hosts Conference Cross-Country Meet;

SAC was the host school last Thursday for the Eastern Conference Cross Country Championships. The meet was annexed by Riverside with a winning total of 40 points. Mount San Antonio and Fullerton followed in the scoring.

Santa Ana College, previous three-year conference champs, were not entered in the meet because there was not sufficient material to form a team. Coach John Ward hopes that next season a bigger interest will be shown by SAC athletes in cross country. The sport is a fine conditioner for any athlete.

Ralph Stevenson won the individual title by running the distance in 17.05 minutes. Dick Johnson of Fullerton was second followed by Bob Kough, Chaffey, Bill Gravis, Mt. Sac, and Bill Gruber, Riverside. Forty-three men ran in the race.

The Peters Canyon course is a hilly three miles long, with the last 100 yards to the finish line uphill.

Ottaway Leads El Don Prognosticators

Leading the EL DON sportswriters in weekly predictions to date is Bud Ottaway, SAC journalism major. Ottaway has successfully picked 18 winners and missed only three predictions in the two times that the EL DON sports page has carried this feature.

Behind Ottaway with 16 winners and five losers is Bob Elsner, main football writer and also a journalism major at SAC. John Dowden, EL DON sports editor is a poor third and Rel Schmitt is last in the current series. They have a 15-6 and a 14-7 record respectively.

Due to the fact that the feature was begun late and the EL DON hasn't been published weekly, the won-loss record is small.

This week, as in the past, the predictions are taken from the Eastern JC Conference, the Pacific Coast Conference, and the leaders in the Big Ten and Southwest Conferences.

Second Gussers and Fullerton Honor Teams at Annual Meet

Santa Ana's Second Guesser Club met in a joint meeting with the Fullerton Quarterback Club Monday for dinner at Ted 'n Zella's Club Center in Fullerton.

The Reverend Alec Nichols, Second Guesser Club president, headed the local delegation of football fans. Cecil Crew, president of the Fullerton club, presided.

Head coach Bill Cook, John Ward and Captain Chuck Sitton represented SAC.

Tex Oliver and Bob Rohrer, Hornet coaches, and captain Herb Tanner, tackle, attended for Fullerton.

Last year an annual trophy was established to be presented to the winner of the turkey day tussle. In 1950 the

Indians Swamp Don Grids 32 to 2

San Bernardino's unbeaten Indians stayed in the winners' circle when they defeated Santa Ana, 32-2, at San Bernardino.

Throughout the first period, Santa Ana outplayed the Indians, although no scoring was done. The Indians exploded for 19 big points in the second quarter to lead at halftime 19-0.

Santa Ana's only score came early in the fourth quarter when an Indian intercepted a Bob Smith pass on the one-yard line, ran backwards into the end zone attempting to run the ball out, and was tackled by Don Stroud for a safety.

(Continued from Page 4)
Bruinland. The greenhorn journalist made the mistake of asking Spaulding, well known for his wit, just what kind of offensive plays the burly gird mentor believed in "Well son," he drawled, "I believe in the long ground gainers."

Tennis anyone? Santa Ana tennis enthusiasts will have a chance to show their stuff in the many tournaments scheduled through the winter and spring practice season. *Bruce Blair* and *Dick Merker*, co-captains of the Don squad, will be the standard bearers of the racquet group. Currently these two and the remainder of the net team are gaining pointers in the 11 and 1 o'clock tennis classes. These are headed by *John Ward* and *Maurice Gerard* respectively.

Consensus of opinion: This writer and several other members of the EL DON staff have lately bemoaning the fact that the 15 round lightweight championship boxing match held last week in the LA's Olympic Auditorium wasn't televised or radioed to the Southland. However, the Art Aragon-Jimmy Carter battle was TVed and broadcast to the rest of the U.S., and was reportedly seen by an estimated 60 million people. Yours truly thinks local fight promoters are cutting off their noses to spite their faces. With boxing losing popularity in the West (mainly because of weak contenders in the heavier divisions), that the tactics used last Wednesday night's bout just ain't the way to win friends and encourage sport fans.

Closing thought: Look for a real Donbrook tomorrow afternoon when the *Bill Cook-Tex Oliver* elevens meet to settle the 1951 Turkey Day classic. Although the Don team has a more impressive record than the Indian gird-men, the sixth place invaders will really be up for the game and out for blood. Our prediction? Santa Ana 20, Fullerton 13.

Hornets battled the favored Dons to a 19-19 stalemate. Each school had possession of the trophy for six months.

Hostilities commence at 2:00 Thursday at the Municipal Bowl.

FOR MEN AND BOYS

PYGMALION—Dick Wilcox and Diana Charleton, co-stars of college players production "Pygmalion" to run December 5 through 8. —Photo by Burton

DATE SET FOR PLAY OPENING

Shaw's "Pygmalion" Phonetic Reformer; Tickets on Sale

BY ROBERT HATCHER

George Bernard Shaw's play "Pygmalion", now being rehearsed by the college players, will open December 4, in Studio A, on the Santa Ana college campus.

"Pygmalion" was written to illustrate Shaw's belief that English was not accessible even to the Englishmen. He believed that what the reformer England needed was an energetic phonetic enthusiast. Shaw held that in order to attain proper articulation, one had to approach it scientifically, or the last state of the aspirant would be worse than the first.

Although the play "Pygmalion" is produced today without its didactic intent, (Shaw felt that all art should be produced to teach) it is still considered one of Shaw's best plays. It has been produced many times on the legitimate stage in America, and was made into a movie by Hollywood several years ago.

"Pygmalion" will be the first play staged this season by the college players under the direction of C. L. Ford, drama instructor.

Wilcox Heads Cast

Heading the cast of players are Dick Wilcox as professor Higgins, Shaw's idea of a phonetic reformer, and Diana Charleton as the cockney flower girl, Liza Doolittle, whose speech Shaw felt was more tolerable than the attempt of a phonetically untaught person to imitate the vulgar dialect of the golf club.

Taking over the part of Doolittle will be Lee Ford, who recently portrayed the college president in "Good-bye My Fancy."

Others in the cast include: Clyde Wilson as Freddy; sarcastic bystander, Quentin Gallivan; Mrs. Eynsford-Hill, Janice Gillespie; Miss Eynsford-Hill, Carol Baker; Mrs. Pearce, Martha Havermale; Mrs. Higgins, Alice Schilt; and the parlor maid, Loydean Parra.

Authentic Dialect In Use

Due to the wide use of English dialect in the play, Mr. and Mrs. George Towes, formerly of London, England, and now residing in Santa Ana, are coaching the players in their enunciation of the dialect in order to give the play the authentic setting which it calls for.

Three sets are being used in the play and are being designed and constructed by the drama workshop. Costumes are being designed by Judy Spaulding, Stage manager and special effects will be handled by Ralph Krueger.

Tickets are on sale in the Studio A box office. Reservations may be obtained by calling KI 2-7226. Student body card holders are admitted free.

Other plays to be produced during the coming season are, "A Phoenix too Frequent" by Christopher Fry, "The Boor" by Anton Chekhov, and "A Bill of Divorcement" by Clements Dane.

Season tickets are available for all performances.

Home Furnishing Class Visits Local Homes

Studying floor plans, color schemes, and use of new materials, the home furnishing class, under the direction of Miss Frances Egge, visited five new homes in the vicinity recently.

Among the houses visited by the interior decorating class, was the new home of Mr. Orville Knutsen. His wife served tea by the fireplace in their "all-purpose" room.

In the future, as part of their weekly field trips, Miss Egge's students plan to visit furniture stores in Long Beach which specialize in modern and traditional furniture, and also a furniture manufacturing plant in Anaheim.

Some members of the class have asked to have the class visit their homes and make comments, etc.

The purpose of the class is to study theory and rules of planning attractive and functional homes.

Traveling Exhibit To Be Displayed

A print exhibit, sponsored by the Prairie Print Makers, will be displayed early next month in Miss Frances Egge's art room located in the left wing of the library building (Q).

Etchings, blot prints, and serigraphs (silk screen prints) are to be featured in the exhibition.

The Prairie Print Makers is a national organization of professional artists who send their works all over the country for display purposes.

"The prints will be for sale to any one who wishes to buy them. They range in prices from \$5 to \$50," stated Miss Egge.

"Last year, several students bought some of the prints and used them as Christmas gifts."

Exact date for the display will be announced in the near future.

Four-Day Week-End For SAC Students

There will be a Thanksgiving vacation November 22-23. School will close Wednesday the 21st leaving another four-day week-end for SAC students to enjoy.

A Thanksgiving program is planned for Wednesday November 21 in the cafeteria. The program will begin at 10:00 am.

Many SAC students are planning on attending the Turkey day game with Fullerton and the homecoming dance in the evening. The football game will start at 2:00 p.m. Quite a few SAC faculty members are planning to be out of town.

Library Adds New Books to Shelves

Nine new books have been added to Santa Ana College library shelves this past week.

The new books, according to head librarian Ruth Bradley, cover many varied subjects. Most interesting to students will be "Love and Hate" and "The Human Group." Both books deal with sociological and psychological problems of Man.

They are the "Home and Garden's Complete Guide to Interior Decoration," edited by Richardson Wright; "Seven plays of J. B. Priestly," by J. B. Priestly; "The Human Group," by George C. Homans; "Love against Hate," by Karl Menninger, M. D.; "The Shell Group," by Julia Ellen Rogers; "Who's Who in Latin America" and "Who's Who in Mexico," by Ronald Hillo; and "Who's Who in England, 1950" by the Mac-Millan Company of London.

Noted Educator

Heard By Faculty

During the Orange County Teachers Institute gathering in Fullerton, Dr. R. Will Burnette, professor of science education at the University of Illinois, delivered an address heard by 2,000 county teachers attending the morning and afternoon meetings.

In his address, Dr. Burnette suggested ways for teachers to develop "intellectual maturity" in students so they may be better equipped to face the problems that might arise in world crisis.

Official publication of the Associated Students of Santa Ana College, Santa Ana, California.

SAC Ag. Student Acquires Purebred

Leonard Oakley, SAC agriculture student, is the owner of a purebred Hereford steer made available for purchase by students by the Farmers Insurance Group. He received the steer Saturday, November 10, at the Kellogg Unit of the California State Polytechnic College.

Oakley is one of the 76 high school and junior college students who bought these steers for their farm projects. The Farmers Insurance Group purchased the steers in Arizona and brought them to this area to be sold to the students for the same price that was paid on the range with no charge for feed or transportation.

Paul E. Andres, advisor for the Young Farmers and agriculture instructor, stated that this project would solve one of the biggest problems which has confronted the Young Farmers movement in Southern California.

"The unavailability of top-grade feeder steers in this area at a nominal price has discouraged many youngsters from entering the competition at local fairs and livestock shows," Andres said.

"With these really fine animals, the boys who will one day be responsible for the feeding of our nation will have the opportunity to learn how to purchase, feed and market their own high grade, purebred beef animals."
